

OUAHIBA AASSIME

Software Engineer — Full Stack & AI Developer

Agadir, Morocco — aassimeouahiba@gmail.com — 0628548133
linkedin.com/in/ouahiba-aassime

PROFESSIONAL SUMMARY

Recent graduate in Software Engineering with strong experience in full-stack development and AI-driven automation.

EXPERIENCE

Full Stack & AI Automation Intern — Offshore Valley

Feb 2025 – Jul 2025

- Developed a CRM-based marketing automation system using PHP, JavaScript, Smarty, jQuery, and MySQL
- Replaced HubSpot workflows with an internal solution for managing email sequences and leads
- Implemented AI-powered email generation using LLM (Mistral) and prompt engineering
- Designed AI agents using RAG to generate personalized content based on user data
- Built an automated tracking system to monitor email engagement (opens, clicks, interactions)

Full Stack Engineer Intern — Bytebuild

Jan 2024 – May 2024

- Developed a traffic filtering web application based on IP, location, device type, and VPN detection
- Designed UI/UX using Figma and implemented frontend with React

PROJECTS

Credit Score Model — Python Built a machine learning model to predict creditworthiness using classification algorithms

Handwritten Character Recognition — Python Developed a system to recognize handwritten characters using machine learning techniques

Heart Disease Prediction — Python Created a predictive model using medical datasets and classification algorithms

Pharmacy Management Application Developed a desktop application using JavaFX, Java, and MySQL

SKILLS

Programming: Python, Java, JavaScript, C++, C#, PHP.

Web: React.js, Node.js, Express.js, HTML, CSS, Tailwind, Smarty, jQuery .

Databases: MySQL, PL/SQL.

AI & Automation: LLM (Mistral), Prompt Engineering, RAG, AI Agents.

Tools: Git, Docker.

Data & ML: Scikit-learn, TensorFlow, PyTorch, Power BI .

Methods: Agile, Scrum .

EDUCATION

State Engineer Degree in Computer Science

2020 – 2025 National School of Applied Sciences

Preparatory Classes

2020 – 2022 Okba Ibn Nafea, Dakhla

High School Diploma in Physical Sciences (Honors)

2019 – 2020 Mohamed VI High School

EXTRACURRICULAR

- Active member of AppsClub
- Participant in GITEX Africa
- Attended conferences on Cloud, Databases, and DevOps

LANGUAGES

Arabic (Native) — French (Fluent) — English (Fluent)
